The image shows two overlapping terminal windows. The top window is a MINGW64 shell with the prompt 'rioig@IGLESIAS MINGW64 ~'. It shows the command '\$ git --version' being entered and the output 'git version 2.39.2.windows.1'. The bottom window is a Windows Command Prompt with the title 'Command Prompt'. It shows the command 'C:\Users\rioig>git --version' being entered and the output 'git version 2.39.2.windows.1'.
